Re: Richtone Design LLC v. Kelly

Dear Gordon:

Count III in the Complaint is directed at Defendants' making false and misleading statements.

Mary Kelly is quite obviously sharing every bit of disclosure made by Plaintiff with the Transparency Project. I am attaching a recent post and nonsensical comments.

Besides the fact that sharing any documents, etc. at this stage of litigation has been found to cause for sanctions in Federal Court, Mary is only building up my Section 43(a) case. Perhaps you have never had this happen, but I have had a client who despite advice of counsel thought his litigating on social media, getting over 2000 likes, was an excellent thing to do until a jury added wilfulness damages to an otherwise small infringement action.

Thanks for your consideration.

Sincerely,

/Charles Knull/

pilatestransparencyproject Friday FAQ: Did you know that by donating today your donation will go twice as far?

The plaintiff in the Pilates copyright lawsuit doesn't know the names of the photographers whose photos he claims © to, yet has stated under oath that Joe was an "expert photographer" who "...knew how to set the timers by which photographers could make what are known as "selfies" in current times." 🤔!?

We believe we can win this lawsuit. But we need your help. The next \$2200 in donations will trigger our matching donor's \$5,000. Can you help us reach this goal?

Thanks. \$9 doesn't seem much for a supposed "commission" for filming and photos!

heathererdmannpilates But... even if I pay for photos and the photo shoot, I still would only own the intellectual property rights from the shoot if those rights are signed over to me. So proof of payment is actually proof of nothing in this case. The part that's so upsetting is how many people, myself included, have been financially (and I'm sure emotionally) harmed by this man. Ridiculous and enraging.

breastcancerbabe Why are we here? Because we let this person do this. A ledger? Like, a notepad?! This person needs to make amends with his damaged ego, and stop trying to hurt others because of it. And WHY aren't any of his friends strong enough to tell him so?
